

8 November 2016

RECEIPT OF RESEARCH & DEVELOPMENT TAX INCENTIVE REBATE

Optiscan Imaging Limited (ASX:OIL) is pleased to announce that it has received \$726,264 in respect of the federal government's R&D tax incentive rebate.

This amount was accrued in the 30 June 2016 accounts and will be applied to the repayment of a loan in respect of the above rebate, in the amount of \$500,000 principal plus accrued interest, and to working capital.

About Optiscan

Optiscan is an Australian company that has developed and patented miniaturised confocal microscopes, and is a global leader in the development and application of microscopic imaging technologies for medical markets.

A handwritten signature in black ink, appearing to read "Michael Corry", is written over a thin horizontal line.
